REMARKS

The references cited on attached form PTO-1449 are being called to the attention of the Examiner. It is respectfully requested that the cited information be expressly considered during the prosecution of this application, and the references be made of record therein and appear among the "references cited" on any patent to issue therefrom.

A copy of the Information Disclosure Statement (IDS) submitted for the prior application U.S. Serial Number 09/948,369, on September 25, 2002, is also enclosed. A copy of this statement is being submitted because Applicants wish the information to appear among the "references cited" on any patent to issue therefrom (MPEP §609). In accordance with 37 CFR §1.98(d), copies of the references cited in the parent application are not included in this submission (MPEP §609A(2)); however, for the Examiner's convenience, if requested, Applicants will be pleased to provide a copy of any or all of the references cited therein.

As provided for by 37 CFR §1.97(g) and (h), no inference should be made that the information and references cited are prior art merely because they are in this statement and no representation is being made that a search has been conducted or that this statement encompasses all the possible relevant information.

Applicants believe that no fee is required for submission of this statement, since it is being submitted prior to the first Office Action. However, if a fee is required, the Commissioner is authorized to deduct such fee from the undersigned's Deposit Account No. 06-1050. If necessary, please deduct any necessary additional fees from, or credit any overpayment to, the above-noted Deposit Account.
